

IBC Connectors for dangerous goods

Intermediate Bulk Containers (IBC) are used for the transfer and storage of different fluids, usually equipped with a connection thread S 60 x 6 (S 100 x 8). Elaflex provides several IBC connectors of stainless steel for a reliable and leak-free connection of hose and container:

- Female reducer **RS S60 x 2" SS** to G 2" male (ISO 228)
- **NEW:** Female reducer **RS S100 x 3" SS** to G 3" male
- **Female hose coupling** to EN 14420-5 **MX 38-S60 SS** or **MC 38-S60 SS**
- **DDC-V 50 S60 SS Dry Disconnect Coupling** (tank unit)
