Hose Reels for Active Vapour Recovery

Unique and exclusive from ELAFLEX.

As refuelling equipment specialist, we know what matters for Stage II vapour recovery. ELAFLEX has developed a bespoke Hose Reel for active vapour recovery systems to recover harmful vapours during dispensing.

Comprising our well proven 'COAX' hose assembly with a ZVA Slimline 2 GR Nozzle and CSB 21 Safety Break.

Suitable for mobile or stationary gasoline refuelling at marinas, flying clubs and other areas. Colours and hose lengths on request.
