

Safety Breaks

Prevent Damages.
Save Costs.

Use a self-closing ELAFLEX Safety Break for any dispenser application and in different mounting position.

We have it all: Nozzle Breaks, Pump Breaks or Hose Breaks with various options:

integrated swivel, sight glass, different threads.

Excellent flow rates, reusable or country-specific features.

No need of additional pigtails or swivels.

Designed to protect individuals, dispensers, hose assemblies and cars **against damages caused by drive-off incidents.**

Suitable for standardised diesel or gasoline fuels also including bio content up to B 100 and E 85, AdBlue® and alternative fuels such as LPG, CNG, LNG.
