

Fuel Grade Identification to EN 16942

 Additional Information:
www.elaflex.de/en/FGI

A date for your diary:
by Autumn 2018,
EU Directive 2014/94/
requires each dispenser,
nozzle and vehicle to
be clearly marked and
labelled (EN 16942),
showing which fuel is
suitable for the vehicle.

Don't get caught out –
for a simple retrofit use
our **Fuel Grade Identifier**
(**FGI**) for **ZVA Nozzles**.
The '**EK FGI**' fits onto
Product Badges '**EK 145**'.
